

QuickBooks Cash Register Plus

Simplify everyday retail tasks and save time

NEW!

Cash Register Plus enables you to...

- Ring sales and take credit cards right from your PC.¹**
 You'll save time ringing up sales and save time and money by not using a separate credit card terminal.
- Put essential business data at your fingertips.**
 Sales and customer data are tracked automatically so you can stay on top of the business and provide top-notch customer service.
- Save time every day on routine tasks.**
 Whether looking up prior receipts, closing-out a shift, or preparing sales data for taxes, Cash Register Plus makes it simpler to do.
- Get up and running in a few easy steps.**
 Just enter some basic information to customize Cash Register Plus and you can start ringing sales right away. Intuitive screens that look like a cash register mean that you and your employees can be ringing sales in minutes.
- Get it bundled with essential retail hardware.**
 Get the optional hardware that best fits your needs. Either get the peripheral bundle to use with your existing PC or get a complete bundle that's designed to work together seamlessly.
- Easily transfer data to QuickBooks Accounting software.**
 Transfer sales, sales tax, and cost of goods sold data to QuickBooks Accounting software² so you don't have to waste time retyping it or checking for errors. When tax time comes, you'll be organized and ready to go.

Announcing a revolutionary new way to simplify retail tasks from ringing sales, accepting credit cards to tracking customer information¹
